

# **Financial Report for April, 2017**

“The expected expenditure percentage for April is 33%. Income percentage to date is 52.7% and the actual expenditure percentage to date is 36.3%. This continues a trend that has been in place for the 2017 calendar year of tithe income continually coming in at a higher monthly amount than in previous years. God’s blessing on the parishes of the Diocese continues at a time when we anticipated the unknowns of what might occur this year. ‘Praise God from Whom all blessings flow.’” ~Mr. David Francis, Diocesan Treasurer
