Dear Clergy and Delegates of Convention:

Enclosed are the Notice of Convention and the Nomination Form for this year's annual Convention to be held on Friday, November 2, 2018. As you may have noted from the Bishop's "Save the Date" email a while back, this year's Convention will be a one-day event. As soon as possible, we will send a draft agenda so that you can see the rough outline of how the day will progress.

After this letter/packet, no further physical copies of Convention related material will be physically mailed out; everything will be sent via email, and will also be made available via the "Convention" tab on our website.

Please note that, like last year, certification and registration are two separate things; certification tells us who is permitted to attend and represent the congregations, while registration tells us who is in fact attending the meeting. In the next several weeks we will be finalizing some details for the registration, but know that there will still be a nominal registration fee of approximately \$25.00 per person, or less. We will be sending out that information as soon as practicable.

As always, please let us know if you have any questions leading up to November 2.

Sincerely,

Corey A. McLaughlin – Diocesan Administrator
